

Hammocks Middle School is Excited to Announce The Apple Coding Magnet Program

We have a new Magnet program coming to Hammocks Middle next year and you can be among the first to take part in the **Apple Coding Magnet Program** right here at our school. It is open to students in grades 6-8, but you need to apply online to be in the Apple Coding Magnet.

Go to the school website:

Click on the button "Click here to apply", see below <http://hammocksmiddleschool.org>:

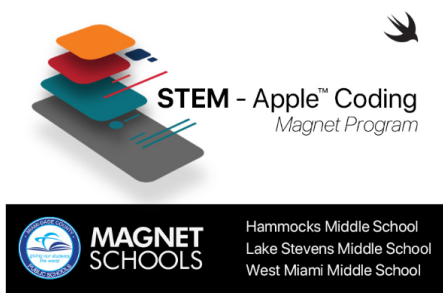

When you reach the Magnet Application site, click on *Magnet Application* at the top. Then Click on *Magnet Off-Cycle Website* toward the middle of the application page.

Magnet Off-Cycle Website

Visit Site

Then complete the simple online application **(takes 5 minutes):**

STEM – Apple™ Coding

A STEM – Apple™ Coding Magnet Program will introduce students to the same programming used by professional developers to build some of the world's most powerful apps. Applications are being accepted for students in middle school.
